

# Compendium of incentives offered by the Member States to the EMAS users

June 2023

ID	Country	Promoting Institutions	Type of measure	Legislative reference	Level of application	Voluntary scheme(s) addressed	Status	Description of the measure	Scope
1	Austria	State	Reduced reporting and monitoring requirements	Waste Management Law	National	EMAS	In force	EMAS organisations are not obliged to deliver a waste management concept as they publish an environmental statement.	
2	Austria	State	Fast-track permits / simplification in the application	Energy Efficiency Law	National	EMAS and ISO 14001	In force	EMAS and ISO 14001 are approved management systems to fulfil the energy audit report obligation.	
3	Austria	State	Reduced reporting and monitoring requirements	Austrian Trade, Commerce and Industry Regulation Act	National	EMAS and ISO 14001	In force	EMAS and ISO 14001 organisations can skip the §82b reporting obligation if they have checked all §82b requirements within the internal audit.	
4	Austria	State	Reduced inspection frequencies	Implementation of Directive 2010/75/EU in industrial emissions (IPPC)	National	EMAS and ISO 14001	In force	The frequency of environmental inspections is determined by a risk evaluation. One criterion for the risk evaluation is the participation in EMAS or ISO	

								14001. The EU directive only includes EMAS; the Austrian approach also includes ISO 14001.	
5	Austria	State	Green Public Procurement	Public Procurement Act	National	EMAS	In force	If the contracting authority requires proof that the organisation complies with certain environmental management systems or standards, it has to refer to EMAS or equivalent systems.	
6	Austria	State	Fast-track permits / simplification in the application	Environmental Management Act	National	EMAS	In force	§22: On application by an EMAS organisation, the authority shall consolidate all the approvals valid for the facility in one single notice as set out in the federal-law provisions applying to the specific facility.	
7	Austria	State	Reduction of administrative fees	Environmental Management Act	National	EMAS	In force	§23: Exemption from administrative fines if EMAS is implemented. This applies only if certain measures are taken, e.g. implementation of immediate actions to fulfil the administrative regulations.	
8	Austria	State	Extension of validity of permits / authorizations	Environmental Management Act	National	EMAS	In force	§21: No permission is required for the changes to facilities	
9	Austria	State	Extension of validity of permits / authorizations	Environmental Management Act	National	EMAS	In force	§24: Dispensation from the obligation to appoint a waste officer.	

10	Austria	State	Reduced inspection frequencies	Environmental Management Act	National	EMAS	In force	§25: Limitation of official environmental control obligations (reduced intervals).	
11	Austria	State	Reduced reporting and monitoring requirements	Environmental Management Act	National	EMAS	In force	§26: Reduction of reporting obligations of environmental data to authorities, if all requirements are fulfilled within the environmental management system.	
12	Austria	State	Reduced reporting and monitoring requirements	Environmental Management Act	National	EMAS	In force	§27: EMAS organisations can skip the reporting obligations according to §134(4) Water Law, if they have checked all requirements within the internal audit.	
	Belgium	Flemish Government	Reducing reporting	Order of the Flemish Government of 1 June 1995 concerning general and sectoral provisions relating to environmental safety	Region of Flanders	EMAS and ISO 14001	In force	EMAS and ISO 14001 are approved management systems to fulfill the obligation of the environmental audit	
	Bulgaria	state	Green Public Procurement	National Action Plan for promoting Green Public Procurement	National	Emas and ISO 14001	Expired	If a contracting authority asks for a proof of an environmental management system - EMAS and ISO 14001 serve as a proof for having an environmental management system installed	All organization
	Bulgaria	state	Reduction of administrative fees	Water Law	National	EMAS	In force	Financial relief	Water supply sector

				TARIFF for the fees for water intake, for the use of a water body and for pollution atr. 12 (4)					
	Bulgaria	state	Reduction of administrative fees	Environmental Protection Act TARIFF under Environmental Protection Act Art. 7(2)	National	Emas and ISO 14001	In force	To open a procedure for awarding the European Union Ecolabel according to Regulation (EC) No. 66/2010 of the European Parliament and of the Council of 25 November 2009 on the EU Ecolabel with 15 % for organizations that have an environmental management system ISO 14001 certified environment, or 30 % for EMAS registered organizations; for organizations meeting both conditions, the larger reduction applies;	All organization
	Denmark	State	Low fees when registration	Statutory order	National	EMAS	In force	Low fee for companies to register their EMAS, and compared to the amount of work it takes to make the registering	Companies
	Estonia	State	Reduction of financial warranty	Waste Act	National	EMAS	In force	If the organisation has EMAS they do not need to have financial warranty or financial security	Waste management companies (who deposit waste)
	Estonia	State	Reduced reporting	Energy Economy Organization Act	National	EMAS and ISO	In force	Exemption from submitting an energy audit	Companies with an obligation to submit an energy audit
	Estonia	State	Green Public Procurement	Public Procurement Act, Environmental criteria for copy and drawing paper	National	ISO 9001, ISO 14001, EMAS or other equivalent	In force	The paper manufacturer must have implemented ISO 9001, ISO 14001, EMAS or another equivalent internationally recognized quality and/or environmental management system.	Paper manufacturer
	Estonia	State	Funding support	Grants from the Circular economy programme	National	EMAS, ISO or other EMS	In force	Grants to implement an Environmental Management System	Organizations willing to implement an EMS

	Finland	Ympäristömerkin tä Suomi Oy (Ecolabel Finland)	financial incentive	Act on EU eco label (832/2014)	national	EMAS	in force	EMAS registered organisations get 15 % discount from the yearly EU Eco label fee	companies having EU Eco label for their product
	Finland	Centres for Economic Development, Transport and the Environment	reduced inspection frequency	Environmental Monitoring Guidelines. Environmental Administration Guidelines 2 / 2016	National	EMAS	in force	EMAS registration is taken into account on the risk based evaluation of the need for environmental supervision of organisations	companies having environmental permit
22	France	State	Reduced inspection frequencies	Decrees n° 2011-1460 regarding the control of certain types of classified installations, modifying the environmental code	National	EMAS or ISO14001	In force	EMAS registered organisations are exempted from the periodical control, set every 5 years or every 10 years for ISO certified organisations	Installations classified for dangerous activities
23	France	State	Access to public support	Agreement between the State and the public investment group Bpifrance, regarding the "Coq Vert" community"	National	EMAS and other recognized schemes		Organizations adhering to environmental certifications such as EMAS can access the "Coq Vert" community, which provides resources and allows exchanges of good practices among companies in the field of ecological transition.	Small, medium and intermediate companies with environmental commitments.
24	France	State	Green Public Procurement	Decree n° 2006-975 relative to public procurement	National	EMAS or ISO14001		Public purchasers can integrate environmental criteria in call for tenders. However EMAS is not mentioned as a "bonus" in tenders, nor ISO. But it is mentioned that if the authority issuing the call for tender needs a proof of environmental quality, EMAS can be used.	All sector but especially implemented in construction.
25	Germany	State	Reduced reporting and monitoring requirements	Act for protection against harmful environmental impacts due to air pollution, noise, vibrations and similar phenomena (Federal Immission Control Act) § 52a, § 58e "Gesetz zum Schutz vor schädlichen Umwelteinwirkungen durch Luftverunreinigungen, Geräusche, Erschütterungen und ähnliche Vorgänge (Bundes-Immissionsschutzgesetz - BImSchG) § 52a, § 58e"	National	EMAS	In force	Empowerment (of the government) for granting exemptions regarding the monitoring and reporting of requirements of this law given that the requirements are already covered by EMAS. Possible exceptions include: 1. Calibrations, investigations, tests and measurements, 2. Measurement reports as well as other reports	Organisations that require permits under this law. These are sites involved in manufacturing, specifically production sites those that operate machinery and other fixed technical equipment. Includes installations in the mining, wind

								and notifications of investigations, The frequency of official surveillance.	energy, steel manufacturing, waste, chemical, pharmaceutical and oil refining sectors, among others
26	Germany	State	Fast-track permits	<p>Ordinance on the approval procedure (Ninth Ordinance on the Implementation of the Federal Immission Control Act) section 4 (1) ; section 13 (1a) "Verordnung über das Genehmigungsverfahren (Neunte Verordnung zur Durchführung des Bundes- Immissionsschutzgesetzes) § 4 Abs. 1 2.; § 13 Abs. 1a" based on</p> <p>Act for protection against harmful environmental impacts due to air pollution, noise, vibrations and similar phenomena (Federal Immission Control Act) § 52a, § 58e "Gesetz zum Schutz vor schädlichen Umwelteinwirkungen durch Luftverunreinigungen, Geräusche, Erschütterungen und ähnliche Vorgänge (Bundes-Immissionsschutzgesetz - BImSchG) § 52a, § 58e"</p>	National	EMAS	In force	<p>Regarding the application documents that organisations need to present for the approval of their installations, the authority has to consider documents that have already been handed in by the organisation in the course of their EMAS registration.</p> <p>Also, for the decision whether or not application documents (for the approval of their installations) need to be verified by independent experts, the authority considers the fact that an organisation is EMAS registered.</p>	Organisations that require permits under this law. These are sites involved in manufacturing, specifically production sites those that operate machinery and other fixed technical equipment. Includes installations in the mining, wind energy, steel manufacturing, waste, chemical, pharmaceutical and oil refining sectors, among others
27	Germany	State	Reduced reporting and monitoring requirements	<p>Ordinance on the limitation of emissions of organic compounds during transfer and storage of petroleum fuels, fuel mixtures or petroleum (Twentieth Ordinance on the Implementation of the Federal Immission Control Act) section 11 (2) "Verordnung zur Begrenzung der Emissionen flüchtiger organischer Verbindungen beim Umfüllen und Lagern von Ottokraftstoffen, Kraftstoffgemischen oder Rohbenzin (Zwanzigste Verordnung zur Durchführung des Bundes- Immissionsschutzgesetzes) § 11 Abs. 2"</p> <p>based on</p> <p>Act for protection against harmful environmental impacts due to air pollution, noise, vibrations and similar phenomena (Federal Immission Control Act) § 52a, § 58e "Gesetz zum Schutz vor schädlichen</p>	National	EMAS	In force	<p>Administrative facilitation for EMAS organisations regarding the monitoring of installations that do not require a permit: The operator of installations that do not require a permit has to set up and operate exhaust gas purification equipment in such a way that a degree of purification of 97 per cent is not exceeded and the emissions of the organic substances in the flue gas do not have a mass concentration of 12 grams per cubic meter as the hourly</p>	Facilities for the storage or transfer of petrol, fuel mixtures or naphtha in tank farms or petrol stations and stationary installations for the transport of petrol, fuel mixtures or naphtha.

				Umwelteinwirkungen durch Luftverunreinigungen, Geräusche, Erschütterungen und ähnliche Vorgänge (Bundes-Immissionsschutzgesetz - BImSchG) § 52a, § 58e"				average value. The operator needs to have the fulfillment of this requirement verified by an independent body every three years. Operators of EMAS registered installations do not need to have this three-year check done given that the operator's environmental management system provides for its own equivalent measurements and reports this requirement.	
28	Germany	State	Reduced reporting and monitoring requirements	<p>Ordinance on installations for the biological treatment of waste (Thirtieth Ordinance on the Implementation of the Federal Immission Control Act) § 15  "Dreißigste Verordnung zur Durchführung des Bundes-Immissionsschutzgesetzes (Verordnung über Anlagen zur biologischen Behandlung von Abfällen - 30. BImSchV) § 15"</p> <p>based on</p> <p>Act for protection against harmful environmental impacts due to air pollution, noise, vibrations and similar phenomena (Federal Immission Control Act) § 52a, § 58e  "Gesetz zum Schutz vor schädlichen Umwelteinwirkungen durch Luftverunreinigungen, Geräusche, Erschütterungen und ähnliche Vorgänge (Bundes-Immissionsschutzgesetz - BImSchG) § 52a, § 58e"</p>	National	EMAS	In force	EMAS registered operators of biological waste treatment plants do not have to inform the public in addition to the EMAS documentation	Operators of biological waste treatment plants
29	Germany	State	Reduced reporting and monitoring requirements	<p>Law for the Promotion of a circular economy and safeguarding the environmentally sound management of waste § 51 (2), § 61 (Waste Management Act)  "Gesetz zur Förderung der Kreislaufwirtschaft und Sicherung der umweltverträglichen Bewirtschaftung von Abfällen § 51 Abs. 2, § 61 (Kreislaufwirtschaftsgesetz - KrWG)"</p>	National	EMAS	In force	<p>Empowerment (of the government) for granting exemptions regarding the monitoring and reporting of requirements of this law given that the requirements are already covered by EMAS. Possible exceptions include:</p> <ol style="list-style-type: none"> <li>1. Calibrations, investigations, tests and measurements,</li> <li>2. Measurement reports as well as other reports and notifications of investigations,</li> </ol> <p>The frequency of official surveillance.</p>	Organisations in the waste sector: recycling, composting, landfill (of hazardous and non-hazardous waste)
				Ordinance on the notification and authorization procedure for collectors, carriers, distributors and brokers of waste					

30	Germany	State	Reduced reporting and monitoring requirements	<p>(Ordinance on Advertising and Licensing) § 7 (1); § 8 (1); § 12 (1) point 4; § 13 (1)  "Verordnung über das Anzeige- und Erlaubnisverfahren für Sammler, Beförderer, Händler und Makler von Abfällen (Anzeige- und Erlaubnisverordnung – AbfAEV) § 7 Abs. 1; § 8 Abs. 1; § 12 Abs. 1 Nr. 4; § 13 Abs. 1" based on</p> <p>Law for the Promotion of a circular economy and safeguarding the environmentally sound management of waste § 51 (2), § 61 (Waste Management Act)  "Gesetz zur Förderung der Kreislaufwirtschaft und Sicherung der umweltverträglichen Bewirtschaftung von Abfällen § 51 Abs. 2, § 61 (Kreislaufwirtschaftsgesetz - KrWG)"</p>	National	EMAS	In force	Collectors, carriers, distributors and brokers of waste need a permit from the responsible authority. EMAS-registered collectors, carriers, distributors and brokers of waste are exempted from this requirement	Collectors, carriers, distributors and brokers of waste
31	Germany	State	Reduced inspection frequencies	<p>Ordinance on landfill and long-term storage (Landfill Ordinance) § 22a (2) S. 2 point 3  "Verordnung über Deponien und Langzeitlager (Deponieverordnung) § 22a Abs. 2 S. 2 Nr. 3"</p> <p>based on</p> <p>Law for the Promotion of a circular economy and safeguarding the environmentally sound management of waste § 51 (2), § 61 (Waste Management Act)  "Gesetz zur Förderung der Kreislaufwirtschaft und Sicherung der umweltverträglichen Bewirtschaftung von Abfällen § 51 Abs. 2, § 61 (Kreislaufwirtschaftsgesetz - KrWG)"</p>	National	EMAS	In force	Authorities must take EMAS registration into account when determining the monitoring cycles of landfills and long-term waste storages for extending/verifying their authorization	Organisations operating landfills and long-term waste storages
32	Germany	State	Reduced reporting and monitoring requirements	<p>Ordinance on waste disposal companies (Waste Disposal Ordinance) § 22 (4) 1. "Verordnung über Entsorgungsfachbetriebe, technische Überwachungsorganisationen und Entsorgungsgemeinschaften  § 22 Abs. 4 1"</p> <p>based on</p> <p>Law for the Promotion of a circular economy and safeguarding the environmentally sound</p>	National	EMAS	In force	When reviewing the requirements regarding the monitoring and certification of waste disposal companies, the authority must regard the results of audits through EMAS environmental verifiers (applies also to ISO 9001-9004)	Recognized waste disposal companies

				management of waste § 51 (2), § 61 (Waste Management Act) "Gesetz zur Förderung der Kreislaufwirtschaft und Sicherung der umweltverträglichen Bewirtschaftung von Abfällen § 51 Abs. 2, § 61 (Kreislaufwirtschaftsgesetz - KrWG)"					
33	Germany	State	Reduced reporting and monitoring requirements	Ordinance on the recycling of biowaste, agricultural, forestry and horticultural used soils § 11 (3) point 2 "Verordnung über die Verwertung von Bioabfällen auf landwirtschaftlich, forstwirtschaftlich und gärtnerisch genutzten Böden § 11 Abs. 3 Nr. 2"  based on  Law for the Promotion of a circular economy and safeguarding the environmentally sound management of waste § 51 (2), § 61 (Waste Management Act) "Gesetz zur Förderung der Kreislaufwirtschaft und Sicherung der umweltverträglichen Bewirtschaftung von Abfällen § 51 Abs. 2, § 61 (Kreislaufwirtschaftsgesetz - KrWG)"	National	EMAS	In force	EMAS organisations are (under certain conditions) eligible to be exempted by the regulatory authority from presenting certain test results and issuing a delivery note	Biowaste handlers and mix manufacturers
34	Germany	State	Reduced reporting and monitoring requirements	Law on the Order of the Water household § 3, 24 and 65 (Water Management Act) "Gesetz zur Ordnung des Wasserhaushalts § 3, 24 und 65 (Wasserhaushaltsgesetz)"	National	EMAS	In force	Empowerment (of the government) for granting exemptions regarding the monitoring and reporting of requirements of this law given that the requirements are already covered by EMAS. Possible exceptions include: 1. Calibrations, investigations, tests and measurements, 2. Measurement reports as well as other reports and notifications of investigations, 3. Tasks of water protection officers and The frequency of official surveillance.	Organisations that are using water for the purpose of their business including collection, accumulation, storage, treatment and distribution of water from a body of water or collection and treatment of sewage in sewage plants; sector: water abstraction, purification and distribution, including river management
									Organisations that are using water for the

35	Germany	State	Reduced reporting and monitoring requirements	Ordinance on installations for handling water-endangering substances § 43 (4) "Verordnung über Anlagen zum Umgang mit wassergefährdenden Stoffen § 43 Abs. 4"	National	EMAS	In force	The operator of installations for handling water-endangering substances has to keep a documentation containing the essential information on the installation (Information on the structure and delineation of the plant, on the substances used, on the type and materials of the individual plant components, on safety devices and protective devices, on the retention of fire water and on stability). EMAS registered sites are exempted from this requirement given that the EMAS environmental statement already contains this information	purpose of their business including collection, accumulation, storage, treatment and distribution of water from a body of water or collection and treatment of sewage in sewage plants sector: water abstraction, purification and distribution, including river management
36	Germany	State	Reduced reporting and monitoring requirements	Ordinance on the authorization and monitoring of industrial treatment plants § 3 (1), § 9 (2)  "Verordnung zur Regelung des Verfahrens bei Zulassung und Überwachung industrieller Abwasserbehandlungsanlagen und Gewässerbenutzungen (Industriekläranlagen-Zulassungs- und Überwachungsverordnung - IZÜV)  § 3 Abs. 1, § 9 Abs. 2"  based on  Law on the Order of the Water household § 3, 24 and 65 (Water Management Act) "Gesetz zur Ordnung des Wasserhaushalts § 3, 24 und 65 (Wasserhaushaltsgesetz)"	National	EMAS	In force	In their application for authorization or approval EMAS registered industrial treatment plants can use the information from the environmental statement. Also, the fact that an industrial treatment plant is EMAS registered has to be considered when determining how often a plant needs to be inspected	industrial waste water treatment plants
				Ordinance on monitoring facilities regarding pollution control and waste disposal for organisations and sites registered according to (EC) No 761/2001 (EMAS privilege Ordinance) § 4 "Verordnung über immissionsschutz- und abfallrechtliche Überwachungserleichterungen für nach der Verordnung (EG) Nr. 761/ 2001 registrierte Standorte und Organisationen (EMAS-Privilegierungs-Verordnung) § 4"				inspections of a plant's	Organisations that require permits under this law. These are sites involved in

39	Germany	State	Reduced inspection frequencies	<p>part of</p> <p>Ordinance on monitoring facilities regarding immission control and waste management for organisations and sites registered according to (EC) No 761/2001 (EMAS privilege Ordinance); all articles relevant "Verordnung über immissionsschutz- und abfallrechtliche Überwachungserleichterungen für nach der Verordnung (EG) Nr. 761/ 2001 registrierte Standorte und Organisationen (EMAS-Privilegierungs-Verordnung) alle Paragrafen"</p>	National	EMAS	In force	<p>emissions according to § 28 (1) point 2 Immission Control Act shall take place in periods extending three years. Also, the operator of a plant falling under the Immission Control Act is allowed to perform inspections according § 28 (1) point 2 Immission Control Act with his own personnel given that this personnel has the necessary competence for performing such inspections and is using appropriate equipment</p>	<p>manufacturing, specifically production sites those that operate machinery and other fixed technical equipment. Includes installations in the mining, wind energy, steel manufacturing, waste, chemical, pharmaceutical and oil refining sectors, among others</p>
40	Germany	State	Reduced reporting and monitoring requirements	<p>Ordinance on monitoring facilities regarding pollution control and waste disposal for organisations and sites registered according to (EC) No 761/2001 (EMAS privilege Ordinance) § 3 "Verordnung über immissionsschutz- und abfallrechtliche Überwachungserleichterungen für nach der Verordnung (EG) Nr. 761/ 2001 registrierte Standorte und Organisationen (EMAS-Privilegierungs-Verordnung) § 3"</p> <p>part of</p> <p>Ordinance on monitoring facilities regarding immission control and waste management for organisations and sites registered according to (EC) No 761/2001 (EMAS privilege Ordinance); all articles relevant "Verordnung über immissionsschutz- und abfallrechtliche Überwachungserleichterungen für nach der Verordnung (EG) Nr. 761/ 2001 registrierte Standorte und Organisationen (EMAS-Privilegierungs-Verordnung) alle Paragrafen"</p>	National	EMAS	In force	<p>EMAS registered organisations or sites do not need to appoint a responsible person according to § 53 (2) of the Immission Control Act or § 59 (2) of the Waste Management Act. Also, annual reports according to § 54 (2), § 58b (2) Immission Control Act and § 60 (2) Waste Management Act do not need to be submitted by EMAS registered organisations given that the required information is already contained in the environmental statement</p>	<p>Organisations operating installations that fall under the Immission Control Act (includes installations in the mining, wind energy, steel manufacturing, waste, chemical, pharmaceutical and oil refining sectors, among others); Organisations in the waste sector</p>
41	Germany	State	Tax breaks	<p>Energy Tax Act § 55 (4) point 1 + (5) point 2 "Energiesteuergesetz § 55 Abs. 4 Nr. 1 und Abs. 5 Nr. 2"</p> <p>implemented through</p> <p>Regulation on Systems for the Improvement of Energy efficiency in connection with the discharge from energy and electricity taxes in special cases (tax cap regulation)"Verordnung über Systeme zur Verbesserung der</p>	National	EMAS	In force	<p>EMAS (or an energy management system according to ISO 50001) is a precondition for energy-intensive companies in the</p>	<p>Energy-intensive companies in the manufacturing sector: Energy tax needs to exceed € 1,000 per calendar</p>

				Energieeffizienz im Zusammenhang mit der Entlastung von der Energie- und der Stromsteuer in Sonderfällen (Spitzenausgleich-Effizienzsystemverordnung)"				manufacturing sector to receive a refund of their paid energy tax (of up to 90%)	year
42	Germany	State	Tax breaks	Electricity Tax Act § 10 (3) point 1, (4) point 2 "Stromsteuergesetz § 10 Abs. 3 (1), Abs. 4 (2)"  implemented through Regulation on Systems for the Improvement of energy efficiency in connection with the discharge from energy and electricity taxes in special cases (tax cap regulation) "Verordnung über Systeme zur Verbesserung der Energieeffizienz im Zusammenhang mit der Entlastung von der Energie- und der Stromsteuer in Sonderfällen (Spitzenausgleich-Effizienzsystemverordnung)"	National	EMAS	In force	EMAS (or an energy management system according to ISO 50001) is a precondition for energy-intensive companies in the manufacturing sector to receive a refund of their paid electricity tax (of up to 90%)	Energy-intensive companies in the manufacturing sector: Electricity tax needs to exceed € 1,000 per calendar year
43	Germany	State	Reduced reporting and monitoring requirements	Law on energy services and other energy Efficiency Measures § 8c (7) point 2 "Gesetz über Energiedienstleistungen und andere Energieeffizienzmaßnahmen (EDL-G)" § 8c Abs. 8 (2)	National	EMAS	In force	EMAS companies (or companies with an energy management system according to ISO 50001) are exempted from performing an energy audit (=duty for large companies to have their energy consumption audited every 4 years)	All large companies: companies with more than 250 employees and which have an annual turnover exceeding EUR 50 million, and/or an annual balance sheet total exceeding EUR 43 million.
44	Germany	State	Reduced reporting and monitoring requirements	Ordinance on the presentation of proofs regarding the Waste Disposal § 7 (1) No. 3, (2) (Proof Ordinance) "Nachweisverordnung: Verordnung über die Nachweisführung bei der Entsorgung von Abfällen § 7 Abs. 1 Nr. 3, Abs. 2"	National	EMAS	In force	reduced reporting requirements for EMAS Organizations In the area of waste: Anyone who wishes to place hazardous waste for disposal in a waste disposal plant or intends to accept such waste there has to prove the admissibility of the intended disposal by means of a disposal certificate. This certificate needs to be checked and approved by the responsible authority before proceeding. Operators of EMAS	Recognized operators of waste disposal plants

									registered waste disposal plants do not need to wait for a confirmation of receipt and confirmation of the proof of disposal by the responsible authority before proceeding	
45	Germany	State	Reduced reporting and monitoring requirements	Ordinance on the surrender, withdrawal and Environmentally friendly disposal of end - of - life vehicles (End-of-life vehicle ordinance) § 5 (3) point 1; § 6 (2) "Verordnung über die Überlassung, Rücknahme und umweltverträgliche Entsorgung von Altfahrzeugen (Altfahrzeug-Verordnung - AltfahrzeugV) § 5 Abs. 3 Nr. 1; § 6 Nr. 2"	National	EMAS	In force	EMAS environmental verifiers have the same rights as experts in the framework of this law and can perform the same tasks (review of documents, writing expert opinions)	Organisations involved in the surrender, withdrawal and disposal of vehicles; sector: recycling, composting, landfill	
46	Germany	State	Reduced reporting and monitoring requirements	Act on the placing on the market, the take back and the environmentally friendly disposal of batteries and accumulators (Battery Act) § 2 (18); § 7 (2); § 15 (1) "Gesetz über das Inverkehrbringen, die Rücknahme und die umweltverträgliche Entsorgung von Batterien und Akkumulatoren § 2 Abs. 18; § 7 Abs. 2; § 15 Abs. 1 (Batteriegesetz) "	National	EMAS	In force	EMAS environmental verifiers have the same rights as experts in the framework of this law and can perform the same tasks (review of documents, writing expert opinions)	Organisations involved in the placing on the market, the take back and the disposal of batteries	
47	Germany	State	Reduced reporting and monitoring requirements	Act on the environmentally sound design of energy-related products § 4 (5) (energy-related-products act) "Gesetz über die umweltgerechte Gestaltung energieverbrauchsrelevanter Produkte § 4 Abs. 5 (Energieverbrauchsrelevante-Produkte-Gesetz - EVPG)"	National	EMAS	In force	EMAS organisations fulfill the requirements of annex V of the directive 2009/125 / EC (proof of having installed a management system for assessing conformity)	Placing on the market, putting into service and issuing energy-related products, as well as components and assemblies intended for installation in energy-related products	
49	Germany	State	Reduced reporting and monitoring requirements	Act on the placing on the market, the withdrawal and the environmentally friendly disposal of electrical and electronic equipment § 21 (2) point 2 (Electrical and Electronic Equipment Act) "Gesetz über das Inverkehrbringen, die Rücknahme und die umweltverträgliche Entsorgung von Elektro- und Elektronikgeräten § 21 Abs. 2 Nr. 2 (Elektro- und Elektronikgerätegesetz – ElektroG)"	National	EMAS	In force	First-hand treatment equipment from electric and electronic devices must be certified annually. EMAS environmental verifiers are allowed to issue such a	First-time users, mainly manufacturers and importers, of electrical and electronic equipment, i.e. equipment which, for their proper operation, generate, use, transmit or measure electric currents or	

								certification	electromagnetic fields and apply voltages of max. 1000V (alternating current) or 1500V (direct current)
50	Germany	State	Green Public Procurement	<p>General administrative procedure for the procurement of energy-efficient products and services          "Allgemeine Verwaltungsvorschrift zur Beschaffung energieeffizienter Produkte und Dienstleistungen Anlage I. 3."</p> <p>Section 2 Procurement Regulations in the Scope of Directive 2014/24 / EU Award Section 3 Procurement provisions within the scope of Directives 2009/81/EC6          §6          "Abschnitt 2 Vergabebestimmungen im Anwendungsbereich der Richtlinie 2014/24/EU3 (VOB/A - EU)          Abschnitt 3 Vergabebestimmungen im Anwendungsbereich der Richtlinien 2009/81/EG6 (VOB/A – VS)</p>	National	EMAS and ISO 14001	In force	Possibility of tendering and awarding services to organisations under the requirement of participating in an EMS (The authority that is tendering and awarding the service can request from organisations that apply to present a proof of having installed an EMS such as ISO 14001 or EMAS as a condition for submitting their application). In the case of the energy-efficient products and services, ONLY EMAS and ISO 50001 are accepted.	Organisations bidding for public tenders in the field of transport, drinking water supply and energy supply (1), energy-efficient products and services (2), construction works (3)
51	Germany	State	Green Public Procurement	<p>Ordinance on the award of public contracts (Procurement Ordinance) § 49 (2) no. 1          Verordnung über die Vergabe öffentlicher Aufträge (Vergabeverordnung - VgV) § 49 Abs. 2 Nr. 1,</p> <p>Other example:</p> <p>The implementation of Directive 2009/81 / EC of the European Parliament and of the Council of 13 July 2009 on the coordination of procedures for the award of certain contracts in the field of defense, defense and defense services and related services Amendments to Directives 2004/17 / EC and 2004/18 / EC (Procurement Ordinance on Defense and Security - VSVgV) Section 28 (2) (1)          "Vergabeverordnung für die Bereiche Verteidigung und Sicherheit zur Umsetzung der Richtlinie 2009/81/EG des Europäischen Parlaments und des Rates vom 13. Juli 2009 über die Koordinierung der Verfahren zur Vergabe bestimmter Bau-, Liefer- und Dienstleistungsaufträge in den Bereichen Verteidigung und Sicherheit und zur Änderung der Richtlinien 2004/17/EG und 2004/18/EG (Vergabeverordnung Verteidigung</p>	National	EMAS and ISO 14001	In force	If a contracting authority asks for a proof of an environmental management system, EMAS as well as other certified environmental management systems serve as a proof for having an environmental management system installed	Organisations contracting with public administrations

				und Sicherheit - VSVgV) § 28 Abs. 2 Nr. 1"					
52	Germany	State	Reduced reporting and monitoring requirements	Ordinance on requirements for sustainable production of biofuels § 26 (2) (Biofuel Sustainability Regulation) "Verordnung über Anforderungen an eine nachhaltige Herstellung von Biokraftstoffen § 26 Abs. 2 (Biokraftstoff-Nachhaltigkeitsverordnung)"	National	EMAS	In force	EMAS environmental verifiers are authorized to issue a proof regarding the sustainability of biofuels	Producers of biofuels
53	Germany	State	Reduced reporting and monitoring requirements	Ordinance on requirements for the sustainable production of liquid biomass for the purpose of power generation § 28 (2) (Biomass Electricity Sustainability Regulation) "Verordnung über Anforderungen an eine nachhaltige Herstellung von flüssiger Biomasse zur Stromerzeugung § 28 Abs. 2 (Biomassestrom-Nachhaltigkeitsverordnung)"	National	EMAS	In force	EMAS environmental verifiers are authorized to issue such a proof regarding the sustainability of biomass	Producers of liquid biomass for the purpose of power generation
54	Germany	State	Fast-track permits	Ordinance on the protection of the climate from changes by the entry of certain fluorinated greenhouse gases § 6 (3) (Chemical Climate Protection Ordinance) "Verordnung zum Schutz des Klimas vor Veränderungen durch den Eintrag bestimmter fluorierter Treibhausgase § 6 Abs. 3 (Chemikalien-Klimaschutzverordnung)"	National	EMAS	In force	Operators of stationary applications which contain fluorinated greenhouse gases have certain duties, e.g. to check their applications regularly for leakages; if they fulfill these duties, they can ask the responsible authority for a certificate. However, they have to fulfill certain requirements in order to ask for that certificate. EMAS sites applying for such a certificate do not need to demonstrate anything other than their EMAS registration to receive it	Operators of the following stationary applications: refrigeration, air conditioning and heat pump equipment, including their circuits, as well as fire protection systems, which contain fluorinated greenhouse gases
56	Germany	State	Reduced reporting and monitoring requirements	Act on the Placing on the Market, the Taking Back and the High-Quality Recycling of Packaging (Packaging Act - VerpackG) § 2 (15) point 2, § 8 (1), (3), § 11 (1), § 17 (2) "Gesetz über das Inverkehrbringen, die Rücknahme und die hochwertige Verwertung von Verpackungen (Verpackungsgesetz – VerpackG) § 2 Abs. 15 (2), § 8 Abs. 1,3, § 11 Abs. 1, § 17 Abs. 2	National	EMAS	In force	Environmental verifiers are considered experts and are allowed to demonstrate compliance with the requirement for industry solutions (free take-back and recovery of packaging placed on the market) and to verify and confirm both volume flow records and declarations of completeness	Organisations participating in the deposit refund system for packaging waste, mainly manufacturers and distributors of transport packaging
57	Germany	Region	Reduced reporting	Regulation of the Ministry of the Environment on the self control of sewage water treatment plants	Regional	EMAS	In force	Operators of sewage water treatment plants need to repeatedly perform certain tests, examinations,	In Baden-Württemberg: Operators of

			and monitoring requirements	"Verordnung des Umweltministeriums über die Eigenkontrolle von Abwasseranlagen § 2 (2); § 4"				measurements and evaluations themselves and document them. Those can be performed in combination with the EMAS verification through the environmental verifier	sewage water treatment plants
58	Germany	Region	Reduction of administrative fees	Regulation of the Ministry of the Environment on the setting of charges for public services Government authorities for the business of the Ministry of the Environment (Fee Regulation of the Ministry of the Environment) I. Allg. Order, point 0.7 Facilitations  "Gebührenverordnung Umweltministerium: Verordnung des Umweltministeriums über die Festsetzung der Gebührensätze für öffentliche Leistungen der staatlichen Behörden für den Geschäftsbereich des Umweltministeriums I. Allg. Best., Nr. 0.7 Geb.-Erleichterungen"	Regional	EMAS	In force	Fee reduction (up to 30%) for EMAS organisations in Baden-Württemberg for public services of the Ministry of the Environment, including but not limited to permits	In Baden-Württemberg: Organisations making use of services provided by the Ministry of the Environment
60	Germany	Region	Reduced reporting and monitoring requirements	Water Management Act of Brandenburg § 35 Abs. 1; § 74 "Brandenburgisches Wassergesetz § 35 Abs. 1; § 74"	Regional	EMAS	In force	The EMAS environmental statement serves as an application document when applying for permissions and licenses for using water for the business purposes in the framework of this law	In Brandenburg: Organisations that are using water for the purpose of their business including collection, accumulation, storage, treatment and distribution of water from a body of water or collection and treatment of sewage in sewage plants. Sector: water abstraction, purification and distribution, including river management
61	Germany	Region	Reduced reporting and monitoring requirements	Regional Waste Management Law § 21 (2) point 2 "Landesabfallgesetz (LAbfG) § 21 Abs. 2 Nr. 2"	Regional	EMAS	In force	Empowerment for supreme waste and pollution control authority to create regulatory relief for EMAS registered organisations regarding reporting and monitoring requirements between	In Baden-Württemberg: Operators of recognized waste disposal plants

								organisation and the responsible authority	
62	Germany	Region	Reduction of administrative fees	Regional Water Law § 101 point 5 and 7; § 106; § 110 (1) point 1, 2 and 4 "Wassergesetz für Baden-Württemberg § 101 Nr. 5 und 7; § 106; § 110 Abs. 1 Nr. 1, 2 und 4"	Regional	EMAS and ISO 14001	In force	Cost reduction for the use of groundwater use: EMAS/ ISO 14001 companies involved in the extraction of rocks and earthworks and the processing industry are entitled to a 25% discount	Baden-Württemberg: companies involved in the extraction of rocks and earthworks as well as the processing industry
63	Germany	Region	Reduced reporting and monitoring requirements	Bavarian Water Law Annex 2 point 3 "Bayerisches Wassergesetz Anlage 2 Nr. 3"  Similar:  Berlin Water Law § 71a "Berliner Wassergesetz § 71a"  Saarland Water Law § 83 (1); §109 "Saarländisches Wassergesetz § 83 Abs.1; §109"  Regional Water Law Schleswig Holstein § 3 ( 1 2 ) , § 2 4 "Landeswassergesetz § 3 Abs. 12, § 24"  Thuringian water law § 74 (7) "Thüringer Wassergesetz § 74 Abs. 7"	Regional	EMAS	In force	Exceptions in the technical supervision of water bodies for sewage treatment plants: 5 requirements listed under "other tests" do not apply to EMAS registered organisations given that the EMAS environmental verifier has verified these requirements and certified that no deviations were found	Bavaria: Operators of sewage water treatment plants
64	Germany	Region	Reduced reporting and monitoring requirements	Administrative Procedure for the Implementation of Water Law 2.1.20; 3.2.9.2; 5.2.2; 5.5 "Verwaltungsvorschrift zum Vollzug des Wasserrechts 2.1.20; 3.2.9.2; 5.2.2; 5.5"	Regional	EMAS	In force	(1) Cost reductions for EMASOrganizations in Bavaria (based on Water Management Act and Bavarian Water Law) (2) Operators of sewage water plants are required to monitor its condition, its operability, as well as the type and quantity of the waste water and the wastewater constituents (Self-monitoring). EMAS registered organisations may fulfill the requirement of self-monitoring through their EMAS environmental statement given that the environmental statement contains the same information (3) In the exercise (scope and intensity) of the water supervision the responsible	Bavaria: Operators of sewage water treatment plants

								authority shall use the EMAS environmental statement and consider that the operator of the sewage water plant is EMAS registered in order keep the water supervision to a minimum	
65	Germany	Region	Credit access and Funding support	Subsidy Directive for the granting of subsidies in the Framework of the Berlin Program for Sustainable Development Development (BENE); 3.3 "Förderrichtlinie für die Gewährung von Förderungen im Rahmen des Berliner Programms für Nachhaltige Entwicklung (BENE); 3.3"	Regional	EMAS and ISO 14001	In force	b) Subsidies for the first introduction of an environmental or energy management system	Berlin: Small and medium-sized enterprises, central administration, district administrations, public corporations, institutions and foundations, public enterprises and non-profit, charitable and ecclesiastical institutions
66	Germany	Region	Reduction of financial guarantees	Financial guarantees for waste disposal plants; 2.1 "Sicherheitsleistungen bei Abfallentsorgungsanlagen; 2.1"	Regional	EMAS	In force	20% reduction in the amount of financial guarantees asked from EMAS registered waste disposal plants	Brandenburg: Operators of recognized waste disposal plants
67	Germany	Region	Reduction of administrative fees	Administrative costs for the the Ministry of Environment, Energy, Agriculture and consumer protection; Administrative cost list: No. 1412,142621, 151,152,121,181212 "Verwaltungskostenordnung für den Geschäftsbereich des Ministeriums für Umwelt, Energie, Landwirtschaft und Verbraucherschutz; Verwaltungskostenverzeichnis: Nr. 142621, 151,152121,181252	Regional	EMAS	In force	20% and 100% Reduction of charges for permitting procedures or monitoring fees according to the Federal Immission Control Act (BImSchG), Federal Genetic Engineering Act (GenTG) and Federal Chemicals Act (ChemG)	Hessen: Operators of plants that fall under the Federal Immission Control Act (BImSchG), Federal Genetic Engineering Act (GenTG) or Closed Substance Cycle Management Act (KrWG)
68	Germany	Region	Credit access and Funding support	Ordinance on the promotion of the industrial economy from the Community task "Improving the regional economic structure"; 5.7 f) "Richtlinie zur Förderung der gewerblichen Wirtschaft aus der Gemeinschaftsaufgabe	Regional	EMAS	In force	The ordinance details the conditions of a regional development programme. The	Mecklenburg-Vorpommern: Companies in the commercial sector that carry out eligible investment projects in Mecklenburg-Vorpommern,

				„Verbesserung der regionalen Wirtschaftsstruktur“ 5.7 f)				ordinance includes an increase in the basic funding rate of up to 5% for EMAS / ISO 14001 organizations	which predominantly provide their products or services (ie more than 50% of sales) over a radius of 50 km. In addition, tourism companies, which generate their turnover mainly from tourism.
69	Germany	Region	Reduced reporting and monitoring requirements	Act for the Protection of Nature and Home in Saarland (Saarland Nature Conservation Act) § 34 Abs. 4 Nr. 2 "Gesetz zum Schutz der Natur und Heimat im Saarland § 34 Abs. 4 Nr. 2 (Saarländisches Naturschutzgesetz)"	Regional	EMAS	In force	Proof of compliance with the operator's obligations of zoos according to Article 3 of EU Regulation 1999/22/EG by EMAS participation	Saarland: Zoos
